To cater for the exclusive needs of today's designer, architect, landscaper, pool specialist and home renovator, we have a dedicated manufacturing facility that produces special-shaped bricks. With very little limitation on quantity, colour, or size, we use of a series of manufacturing processes to achieve your own shape or desired effect.

We also supply 'old world' type cobbles, paving stones and pool coping products in our standard range of colours. To ensure that your purpose-made requirements can be met, please do not hesitate to contact a Crammix representative for direct consultation.
